Prefatory Note

On October 18th, 1830, the Council of New York University was organized. In October, 1832, work of instruction in the College began. To commemorate the semisesquicentennial of the inauguration of the University, the General Alumni Society undertook the publication of a General Alumni Catalogue. In doing so, it has carried out in part one of its objects: "The maintenance of a list of the names and addresses of all matriculates of the University."

The General Alumni Society, distinct from the Alumni Associations of the several schools of the University, was organized in 1902. By provision of its By-Laws (Article I., Section 1), "Any graduate of any department or any matriculate of a class which has graduated and who has left New York University in good standing may, upon payment of a subscription to the Society, become a member. Any one not a graduate or a matriculate, who is or has been a member of the Council or of the teaching force of New York University, or any one holding an honorary degree from New York University, may become a member of this Society, but may not hold office or vote at any meeting thereof."

It is the plan of the Catalogue to provide a complete list of all who have received degrees from the University and of all officers of administration and instruction; to give under the several names condensed biographies; and to add, in case of the deceased, the date and place of death, and, in case of the living, the present address.

The names of Alumni have been grouped in classes under the nine schools of the University and presented in three volumes. The first volume, published in June, 1906, contains the

Alumni of the College and of the School of Applied Science together with the Honorary Alumni of the University. The present volume contains the Alumni of the schools at Washington Square (Law, Graduate, Pedagogy, Commerce, and Collegiate Division), together with the graduates of the Veterinary College. The third volume, under the editorial supervision of Dr. Egbert Le Fevre, Secretary of the General Alumni Society, will contain the Alumni of the University and Bellevue Hospital Medical College.

Where more than one degree is conferred in any school, the recipients of each degree are grouped by themselves in the one class and are separated from other groups by a dash. Thus in the Law School names of all upon whom LL. B. was conferred in a certain year are presented first. These are followed by the names of graduates who received LL. M., and these in turn by the names of graduates who received J. D. In the case of the Veterinary College, the distinction of degree also indicates a difference in school, for previous to their consolidation with New York University, the New York College of Veterinary Surgeons conferred the degree of V. S., and the American Veterinary College the degree of D. V. S. Where an Alumnus has received more than one degree, the rule has been to enter biographical matter under the first appearance of his name, and in other places to enter the name and degree only, with appropriate cross references.

Material has been gathered for the present volume by means of circular letters enclosing blanks for data sent directly to all graduates whom it was possible to reach. Postal cards following the letters have urged that the data requested should be sent. Through personal correspondence much information has been obtained from interested Alumni and from members of the Faculties. The archives of the University, the annual catalogues of its schools, student publications, fraternity catalogues, catalogues of other colleges and schools, encyclopedias of biography, directories, and similar books of reference have been searched for information.

The arrangement of material under each name has taken the following order:

Occupation.

Degrees received from N. Y. U. and other institutions.

Date and place of birth.

Preparation for N. Y. U.

University record and honors.

Record since graduation.

Honors received and membership in societies.

Publications.

Address, if living, or place and date of death, if deceased.

Additional information with regard to any Alumnus under the above heads would be gladly received by the editor and filed for use in future editions of the Catalogue.

The present volume represents the first attempt to present comprehensively the Alumni of the six schools contained therein. A large proportion of errors and omissions, therefore, will doubtless be discovered. If those who point them out will do so by correcting the errors and supplying the omissions, their criticism will find a cordial welcome.

A number of the Alumni have generously supplied data in their possession, and thanks are due to them. Mr. James Abbott, of the College Class of '83, Treasurer of the General Alumni Society, serving as Publication Committee, has given the Society the benefit of valuable experience. Finally the editorial task has been lightened by the intelligent and accurate work of the printers, Messrs. C. H. Simonds & Co., of Boston.

HENRY M. BROWN, A. M., '92,
Editor.
